Consultation on lead and shooting

Members are reminded that the consultation regarding the use of lead ammunition and shooting will run for another 5 months, and it is important that we all could voice our individual opinions. Please be aware that the impact of any ban on lead will have on the shooting community as a whole and particularly on clay shooting

The link to the consultation is listed below:

As one of the foundation coaches I will be in attendance and would appreciate the institute's members promoting the day to any one they feel would be interested.

Kind regards

EXTERNAL VISITS

Paul Dancer continues to try to get venues for visits but the spectre of Covid is a deterrent to employers and they are fearful of spreading Covid within their businesses. We hope for some movement in the future but until then Paul will continue to approach businesses in the hope they will open their doors to our members.

If you know of a shooting related business or organisation who would be willing to host a visit please let me know and I will pass the information to Paul.

SOMETHING TO WATCH.....

Last edition we had videos related to bending stocks. This edition we look at the bluing of barrels.
